

MEGA ROLLER STAND
15,000 LBS / 7.5 US TON

PRODUCT BROCHURE

The B&B SUMNER mega roller (15,000 lbs / 6,800 kg) is a high capacity pipe roller designed for heavy duty job-site use. This mega roller is built on the same platform as the 10,000 lbs / 4,535 kg roller, but has an increased headstock width and two additional wheels added.

Its oversized 10 x 3" / 250 - 75 mm wheels have an urethane over steel design, offering numerous advantages: they allow ultra smooth pipe rotation via heavy duty sealed bearings, for both steel, stainless steel and exotic alloys pipe. The unique head design also allows the removal of the wheels, transforming to a V-head stand restricting pipe rotation.

The robust construction, with its twin solid ACME rods, allows to raise and lower the headstock and wheels for precise fit-ups even under load.

All mega rollers are powder coated, have quick release axle pins, and are modular allowing additional feed wheels and casters for mega movement.

SPECIFICATIONS

- Load capacity: 15,000 lbs / 6,800 kg
- Pipe capacity: 4 - 60" / 101.6 - 1,524 mm
- Working height: 25 - 35" / 635 - 889 mm
- Four 10 x 3" heavy duty urethane over steel wheels with sealed bearings for smooth pipe rotation
- Contamination free wheels are ideal for steel and exotic pipe fabrication
- Heavy gauge steel construction throughout. These mega rollers are made for years of job-site usage
- Powder coated safety yellow for high visibility
- Expanded foot print at 36 x 52" / 914.4 x 1,320.8 mm increases pipe stability
- Four side fork lift access
