## MINI ADJUST-A-ROLL™

The B&B SUMNER Mini Adjust-A-Roll™ is a compact, high-capacity pipe roller stand engineered for pipe rotation and fabrication tasks in tight or space-limited environments. Despite its small footprint of 11 x 22" / 279 x 559 mm, the Mini-Roll™ delivers outstanding performance with a pipe capacity of 0.5 - 36" / 12 - 914 mm and supports loads up to 3,500 lbs / 1,588 kg. Its wide, four-legged base ensures stability, while the quick-change head and fine adjustment screw enable precise pipe positioning.
